Calming Care

Powdered Canine Probiotic Supplement

WHAT IF...

A PROBIOTIC COULD
HELP KEEP YOUR
DOG CALM?

Introducing Purina® Pro Plan
Veterinary Supplements™ Calming Care
with *Bifidobacterium longum* (BL999), a probiotic
strain shown to help dogs maintain calm behaviour.

In a recent survey, 62% of dog owners report
that their dogs regularly exhibit one or
more anxious behaviours.*

* Data was collected by Relevation Research via an online survey from August 15-19, 2018. A total of 826 nationally-representative dog owners qualified and completed the survey. Qualified participants were men and women age 18 and older, owned one or more adult dogs, were household members most responsible for taking the dog(s) to a veterinarian, and had taken the dog(s) to a veterinarian in the past 12 months.

Helps support dogs with anxious behaviours such as excessive vocalization, jumping, pacing, and spinning

Helps dogs maintain positive cardiac activity during stressful events

Helps dogs cope with external stressors like separation, unfamiliar visitors, novel sounds, or changes in routine and location
